TREATMENT WORKS APPROVAL FEE SCHEDULE

The permit fees for the Treatment Works Approval applications processed by the Department of Environmental Protection has been revised, in accordance with N.J.A.C. 7:1C-1.5. The proposed changes to the permit fees were published in the New Jersey Register on September 3, 2002 and adopted on October 8, 2002. **The minimum fee remains \$450.00.** As before, the below fee formulas base the permit fees on a percentage of the construction costs on the portion of the project for which a Treatment Works Approval is requested. The fee formulas are based upon the following categories:

CATEGORY I: *(Projects with a construction cost exceeding \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\$750,000) + P(\text{C.C.} - \$1,000,000)$$

CATEGORY II: *(Projects with a construction cost exceeding \$250,000 but less than or equal to \$1,000,000)*

$$\text{FEE} = 4P(\$250,000) + 2P(\text{C.C.} - \$250,000)$$

CATEGORY III: *(Projects with a construction cost less than or equal to \$250,000)*

$$\text{FEE} = 4P(\text{C.C.})$$

Note: For all categories, the "P" coefficient has changed. The schedule for change is: "P" = .0021 until October 31, 2002; "P" = .0026 effective November 1, 2002 through May 31, 2003; and "P" = .0032 effective June 1, 2003.

The value for "C.C." is the construction cost on the portion of the project for which a Treatment Works Approval is requested. Please be aware that, as before, the minimum review fee for Treatment Works Approval modifications is ¼ of the original review fee.

TREATMENT WORKS APPROVAL

☒ **CONTACT PEOPLE** ☒

➡ **NARINDER K. AHUJA, P.E., P.P., DIRECTOR, DIVISION OF WATER QUALITY**
